## ROOTS

### *Resourcing Organisations with Opportunities for Transformation and Sharing*

#### ROOTS 5: Project Cycle Management

Project Cycle Management (PCM) is the term given to the process of planning and managing projects, programmes and organisations. The book describes the project cycle and the use of planning tools such as needs and capacity assessments and stakeholder analysis. It shows clearly how to develop a logical framework.

*English, 80 Pages, Rs 120*

#### ROOTS 6: Fundraising

Fundraising is often done in a disorganised way in response to needs, rather than in a planned, forward-looking and strategic way. This book shows how to develop a fundraising strategy and contains ideas to help organisations diversify their funding base.

*English, 76 Pages, Rs 120*

#### ROOTS 7: Child participation

Looks at the importance of including children in community life and in project planning, implementation and evaluation. Ideas and tools to help organisations integrate children into their planning within a project cycle framework.

*English, 60 Pages, Rs 120*

#### ROOTS 8: HIV and AIDS: taking action

This book looks at how Christian development organisations can respond to the challenges brought by HIV and AIDS, such as reducing their impact, preventing the spread of HIV and AIDS issues within organisations.

*English, 92 Pages, Rs 120*
